

Greetings, It is our prayer that God affords you strength to continue and grace to abound. Always know that we are praying for you and your families as I know that you are praying for ours as well. And for this we are grateful.

As we have moved into the second half of 2014, we can say that the Lord has certainly been favorable to us, we have withstood storm, deaths, affliction, sicknesses and even things that have not been publicly noted, but we are still standing, by the grace of God.

The Lord has great things in store for the lives of His people (*each of us*), but the enemy is set on bringing opposition that tries to hinder our ability to obtain those great things, be it individually or corporately.

The enemy (Satan) has already said - none of us would survive or make it, that our church will not succeed, that we are a divided body and the accusations continue, but I have a question for each of you:

Who's Report Will You Believe?

I, for one, have the mind of Caleb, who saw the Promised Land and the opposition, conflict and giants that stood between what was promised and possessing the promise. I believe what God said as well as promised and I am assured that "we are well able to overcome it". Whatever "IT" is.

I want to rehearse something for our review the Lord shared. I pray that you continue to do likewise.

First: In order to reach those around us first, the church must regain its trust/integrity back.

•It has been through the flawed representation of leadership we have experienced this misfortune, but it will be through genuine repentance and obedience to the will of God recovery is made possible. 2 Chronicles 7:14, (Romans 5:19).

Second: Prophetic Word of God to the Saints Feb. 8, 2014

•I have called you to an unusual place in the anointing of God.

•Where I have called you to nothing can be accomplished in your own strength, but in the Power of the Holy Ghost.

•The enemy shall not defeat you, for the Lord your God is on your side. Joshua 3:1-4

What Do You See?

"I See Possibilities"

Mt. Sinai is a church with unlimited possibilities, for we are a ministry that is overflowing with potential.

Let's turn all of our hearts toward the will of God, for His church and fulfill God's purpose. Let's move forward in faith, love and obedience and allow God to maximize His purpose in our lives.

With A Heart To Serve,

Pastor Frank R Livingston
